

## Ultragenyx to Present at Jefferies Gene Therapy Summit

September 26, 2018

NOVATO, Calif., Sept. 26, 2018 (GLOBE NEWSWIRE) -- Ultragenyx Pharmaceutical Inc. (NASDAQ: RARE), a biopharmaceutical company focused on the development of novel products for rare and ultra-rare diseases, today announced that Emil D. Kakkis, M.D., Ph.D., the company's Chief Executive Officer, will present at the Jefferies Gene Therapy Summit on Thursday, September 27, 2018 at 8:00am ET in New York.

The live and archived webcast of the company presentation will be accessible from the company's website at <http://ir.ultragenyx.com/events.cfm>. The replay of the webcast will be available for 90 days.

### **About Ultragenyx Pharmaceutical Inc.**

Ultragenyx is a biopharmaceutical company committed to bringing to patients novel products for the treatment of rare and ultra-rare diseases, with a focus on serious, debilitating genetic diseases. Founded in 2010, the company has rapidly built a diverse portfolio of approved therapies and product candidates aimed at addressing diseases with high unmet medical need and clear biology for treatment, for which there are no approved therapies.

The company is led by a management team experienced in the development and commercialization of rare disease therapeutics. Ultragenyx's strategy is predicated upon time and cost-efficient drug development, with the goal of delivering safe and effective therapies to patients with the utmost urgency.
