## **Ultragenyx Announces Full Exercise of Underwriters' Option to Purchase Additional Shares**

Novato, CA, Feb. 17, 2015 (GLOBE NEWSWIRE) -- Ultragenyx Pharmaceutical Inc. (NASDAQ:RARE), a biopharmaceutical company focused on the development of novel products for rare and ultra-rare diseases, today announced that the underwriters of the previously announced offering of 3,000,000 shares of common stock have exercised in full their option to purchase an additional 450,000 shares from the company at the public offering price of \$54.00 per share, before underwriting discounts. The closing of the option exercise is expected to occur on February 19, 2015, subject to customary closing conditions.

Including the full exercise of the underwriters' option to purchase additional shares, the company's offering totaled 3,450,000 shares, representing gross proceeds of approximately \$186.3 million and net proceeds of approximately \$175.1 million after deducting underwriting discounts and other offering expenses.

Morgan Stanley, Cowen and Company, and Jefferies acted as joint book-running managers for the offering. Baird, Canaccord Genuity, JMP Securities, SunTrust Robinson Humphrey, and Wedbush PacGrow Life Sciences acted as co-managers for the offering.

A registration statement relating to these securities has been filed with the Securities and Exchange Commission and became automatically effective on February 3, 2015. This offering is being made solely by means of a prospectus. This press release shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of these securities in any state or jurisdiction in which such offer, solicitation, or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.

### **About Ultragenyx**

Ultragenyx is a clinical-stage biopharmaceutical company committed to bringing to market novel products for the treatment of rare and ultra-rare diseases, with a focus on serious, debilitating genetic diseases. Founded in 2010, the company has rapidly built a diverse portfolio of product candidates with the potential to address diseases for which the unmet medical need is high, the biology for treatment is clear, and for which there are no approved therapies.

The company is led by a management team experienced in the development and commercialization of rare disease therapeutics. Ultragenyx's strategy is predicated upon time and cost-efficient drug development, with the goal of delivering safe and effective therapies to patients with the utmost urgency.
